

SEND A MESSAGE

To the NYS Public Service Commission & Con Ed

TELL CON ED

- Accept fault for the July 2006 Queens Power Outage.
 - Pay us what you still owe us for non-food damages & losses.
 - **NO 17% Rate Hike!**
- (Use your \$12 billion in profits to pay for system upgrades)

Con Edison makes \$12 billion a year in profits and has \$25 billion in assets. Con Ed's large stockholders and top managers made big money off our electric bills when they *should* have been making system upgrades.

Last year the working class and immigrant communities of Western Queens suffered a 9-day power outage that *never should have happened*. Con Ed has *still* not accepted responsibility. We have *still* not been paid back for our non-food losses and damages.

Now Con Ed wants a rate increase? We say NO! We already paid and all we got was 9 days without power. Let Con Ed stockholders and top managers pay to fix the system.

Complete the coupon below. Then fold, stamp & tape this flyer (or put in an envelope) & send to:

Western Queens Power for the People Campaign

47-01 Greenpoint Ave., #174, Sunnyside, NY 11104

We will deliver your message to the NYS Public Service Commission.

“NO” to Con Ed’s 17% Rate Hike!

I want the Public Service Commission to reject Con Edison’s requested rate hike (17% for residents; 10.5% for businesses). Con Ed makes \$12 billion a year in profits and has \$25 billion in assets. Stockholders and top managers made big money while they let our Long Island City network deteriorate; we in Western Queens paid the price. We should not pay one more penny for outage repairs or system upgrades. Let Con Ed and its stockholders admit fault, foot the bill AND pay what they owe us from the 2006 outage.
